Amdt. dated January 27, 2006
Reply to Office action of October 31, 2005

REMARKS

1. Amendments to the Disclosure:

- 5 All instances in the title, specification, and abstract of the term "display controller" are amended to "graphics chip." Originally, these terms were used interchangeably, and this is now recognized as a source of confusion.

10 These amendments are made only to harmonize the vocabulary of the disclosure. No new matter is entered.

2. Claim amendments:

15 Claims 1, 4, 5, 6, 10, 14, 15, 16, and 20 are amended to revise the term "display controller" to "graphics chip."

20 These amendments are made to harmonize the vocabulary of the claims with that of the specification. All claim limitations that formerly referred to a display controller can be readily seen as concerning a graphics chip in the specification, these terms originally intended to be interchangeable. No new matter is entered.

Claims 7-8 and 17-18 are cancelled without prejudice or disclaimer to the merits thereof to further harmonize the claims with the original disclosure.

25 3. Objections to the Drawings:

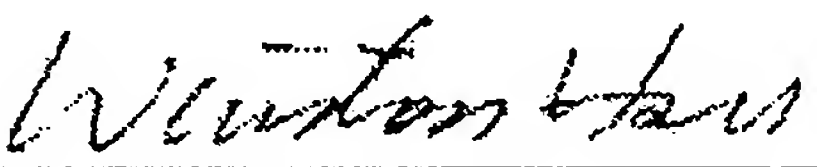

Applicant requests that the objection to lack of illustration of a "display controller" in the drawings be withdrawn in view of removal of "display controller" from the claims.
